**RE: 2023 Rebuild IL Resurfacing Project
Temporary Loss of Driveway Access**

Dear Resident:

Construction of the project has reached the point where the contractor must restrict access to your driveway. **We ask that you please make arrangements to have all necessary vehicles out of your driveway by 6:00 AM on the following date:**

_____/_____/2023

You will not have access to your driveway from the posted date for approximately 7 to 10 days, weather and other circumstances permitting.

During this time:

- Residents are asked to park on side streets outside of the work area during the day (where normally permitted).
- Residents will be allowed to park overnight within the work area (where normally permitted) between the hours of 5:00 PM and 6:00 AM. Any vehicles parked here must be out of the way by 6:00 AM.
- The Villa Park Police Department will be notified of the need for this parking situation and should accommodate residents accordingly.

All questions and comments regarding this project should be directed to the Engineering Division of the Village of Villa Park Public Works Department at (630) 834-8505. We also ask that any residents with special needs contact us as soon as possible so that we can accommodate them as best as possible. We thank you for your continued patience, especially during this period of the project. If you have any questions or would like additional information, please do not hesitate to contact us.
