**RE: Iowa and Vermont Street Improvement Project
Temporary Loss of Driveway Access**

Dear Resident:

Construction of the Iowa and Vermont Street Improvement Project has reached the point where the installation of new concrete on the east side of Iowa Avenue is ready to begin. This work includes the replacement of all curbs, public sidewalk, and driveway aprons. All driveway aprons on Iowa will be replaced with concrete. Concrete installation is expected to begin Wednesday, September 4, 2024 and will take approximately 7 to 10 days to complete, weather and other circumstances permitting.

Please make arrangements to have all necessary vehicles out of your driveway by 6:00 AM on Wednesday, September 4, 2024.

During this time:

- Residents are asked to park outside of the project area during the day where parking is normally permitted. Areas zoned as “No Parking” still apply. The project area consists of North Iowa Avenue from Vermont Street to Plymouth Street.
- Residents may park within the project area on North Iowa Avenue between the hours of 5:00 PM./6:00 AM. All vehicles must be out of the project area by 6:00 AM.
- Residents with special needs should contact the public works department so that we can accommodate as best as possible.
- The Villa Park Police Department will be notified of the need for this parking situation and should accommodate residents accordingly. You do not need to register with the police department to park on the street overnight.

We fully understand that this work will be one of the most inconvenient portions of the project for residents but would like to emphasize that this will mark a substantial move towards completion of the project. All questions and comments regarding this project should be directed to the Engineering Division of the Village of Villa Park Public Works Department via email at engineering@invillapark.com or by phone at (630) 834-8505 between the hours on 7:30 AM and 4:00 PM. We thank you for your continued patience, especially during this period of the project. If you have any questions or would like additional information, please do not hesitate to contact us.
