**RE: Wisconsin Avenue Improvement Project
Temporary Loss of Driveway Access**

Dear Resident:

Construction of the Wisconsin Avenue Improvement Project has reached the point where the installation of new concrete on the east side of Wisconsin Avenue is ready to begin. This work includes the replacement of all curbs, partial public sidewalk, and the front half of both Concrete and HMA driveway aprons. Concrete removal is expected to begin Wednesday, October 9, 2024. Concrete installation is expected to begin Friday, October 11th, and will take approximately 7 to 10 days to complete, weather and other circumstances permitting.

Please make arrangements to have all necessary vehicles out of your driveway by 6:00 AM on Wednesday, October 9, 2024.

Please submit your elective work agreement by 4pm on Friday, October 11, 2024. (Elective work agreements are being delivered separately)

During this time:

- Residents are asked to park outside of the project area during the day where parking is normally permitted. Areas zoned as “No Parking” still apply. The project area consists of North Wisconsin Avenue from Vermont Street to Ridge Road.
- Residents may park within the project area on North Wisconsin Avenue between the hours of 5:00 PM./6:00 AM. All vehicles must be out of the project area by 6:00 AM.
- Residents with special needs should contact the public works department so that we can accommodate as best as possible.
- The Villa Park Police Department will be notified of the need for this parking situation and should accommodate residents accordingly. You do not need to register with the police department to park on the street overnight.

We fully understand that this work will be one of the most inconvenient portions of the project for residents but would like to emphasize that this will mark a substantial move towards completion of the project. All questions and comments regarding this project should be directed to the Engineering Division of the Village of Villa Park Public Works

Department via email at engineering@invillapark.com or by phone at (630) 834-8505 between the hours on 7:30 AM and 4:00 PM. We thank you for your continued patience, especially during this period of the project. If you have any questions or would like additional information, please do not hesitate to contact us.
