RE: North Princeton Water Main Improvement Project

Dear Resident:

THE WATER WILL BE SHUT OFF ON WEDNESDAY, NOVEMBER 25, 2015 FROM 9:00 AM TO 2:30 PM WHILE WORK TAKES PLACE ON THE NORTH PRINCETON WATER MAIN IMPROVEMENT PROJECT.

If weather prevents the work from taking place as scheduled, the water shut off will be rescheduled for the following week, weather permitting.

This shut off may result in debris in the water service lines. It is recommended that you run a faucet or utility sink after the water is turned back on to flush any debris out of your line. If you experience a pressure loss after flushing your line, please contact the Public Works Department at the number below to report the issue.

All questions and comments regarding this project should be directed to the Village of Villa Park Engineering Division at (630) 834-8505. We thank you for your patience throughout the course of this project. If you have any questions or would like additional information, please do not hesitate to contact us at the number listed.
