**RE: Jackson Pond Expansion Project
Construction Start**

Dear Resident:

The Village's contractor, EarthWerks Land Improvement and Development Corp., is expected to begin underground utility construction along Jackson Street as a part of the **Jackson Pond Expansion Project** next week. This project will primarily consist of the expansion of the Jackson Pond stormwater basin at Jackson Middle School and the improvement of the existing storm sewer layout within the project area. Work will take place within Jackson Pond and along the south side of Jackson Street between Michigan Ave and Harvard Ave.

ROAD & DRIVEWAY ACCESS

Traffic within the project area will be affected by construction efforts. **Parking will not be permitted along Jackson Street from Michigan Ave to Leslie Ln during the work day.** In addition, temporary road closures may be needed during portions of the construction.

The Village uses a notification service called CodeRED to provide project information and updates, including notices about road closures, water shut-offs, driveway access restrictions, etc. These updates are provided in various ways, including email, text messages, and the CodeRED mobile app. If you are interested in signing up for CodeRED, please use the QR code below or follow the link to complete the process: <https://arcg.is/fiiHG>

PLEASE SEE REVERSE

All questions and concerns regarding this project should be directed to the Village of Villa Park Engineering Department by phone at (630) 834-8505 or via email at engineering@invillapark.com. We will make every attempt to inform you of construction progress and activities via CodeRED messages, and thank you in advance for your patience throughout this project. If you have any questions or would like additional information, please do not hesitate to reach out. General information on the project can also be found on the village website: <https://www.invillapark.com/850/Jackson-Pond-Expansion-Project>
