**RE: Rebuild IL Resurfacing Project
Project Introduction**

Dear Resident:

This letter is to inform you that the Village is in the process of awarding the construction contract for the referenced project. Construction is tentatively expected to start in late September or early October 2022. This project consists of improvements on Division Street from Westmore Avenue to Addison Road, Elm Street from Westmore Avenue to Addison Road, and Wisconsin Avenue from St. Charles Road to Division Street.

This project will consist of a mill and overlay of the above roadways. It also includes any necessary road subgrade patching, structure adjustments or reconstruction, curb ramp improvements to comply with ADA requirements, and all necessary restoration work for these improvements. General information, as well as periodic updates on the project, can be found on the dedicated webpage located on the Village website: <https://www.invillapark.com/1087/Rebuild-IL-Resurfacing-Project>

In addition to the website, the Village uses a notification service called CodeRED to provide project information and updates, including notices about road closures, driveway access restrictions, etc. These updates are provided in various ways, including email, text messages, and the CodeRED mobile app. If you are interested in signing up for CodeRED, please use the QR code below or follow the link to complete the process: <https://arcg.is/fiiHG>

If you have any questions or would like additional information, please do not hesitate to contact the Village of Villa Park Engineering Division by email at engineering@invillapark.com or by phone at (630) 834-8505.
